IMAGINE HOW YOUR PET
WILL FEEL!

SPECIALLY FORMULATED SYNTHETIC TURF FOR PETS

**IF YOUR PET IS PART OF THE FAMILY...
THEN YOU OWE YOUR PET TODAY'S
MOST ADVANCED SYNTHETIC TURF!**

TIGER

Say goodbye to dead grass, mud-spots, holes and hard-to-clean pet messes. Tiger Turf has engineered a product specifically tailored for dogs. With our state-of-the-art synthetic grass, made with soft polyethylene synthetic fiber, your pet will still enjoy all the benefits that real grass has to offer while virtually eliminating all the hard work and labor required to maintain your lawn.

With our "pet proof" turf, your backyard will have lush, green, realistic looking and feeling lawn all year long. Our pet turf will also provide a stain-free environment that is safe for your dog as well as for the whole family. This turf is like no other. Tiger has blended a slit film/monofilament polyethylene with a thatch to create the most durable and beautiful pet turf in the world.

Unlike many other companies, we bring together all the essential elements to create the perfect living oasis for your pet. Our package consists of two products that will ensure a long-lasting and safe environment for your pets.

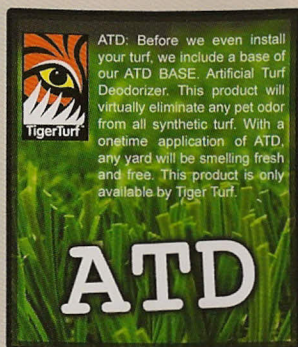

PET, FAMILY AND ENVIRONMENTALLY SAFE!

PET TURF IS PERFECT FOR:

- Backyards
- Animal Shelters
- Animal Hospitals
- Pet Hotels
- Dog Parks
- Pet Shows

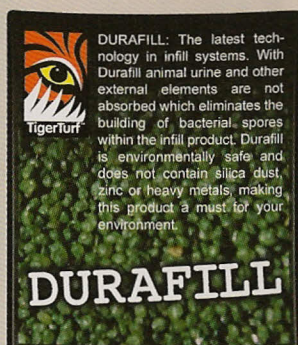

PET TURF

1: ATD

Before we even install your turf, we create a base of ATD--Artificial Turf Deodorizer. This product will help to control any pet odor in your synthetic turf. With a one time application of ATD, any yard will smell fresh. This product is only available from Tiger Turf.

2: DURAFILL

Durafill represents the latest technology in infill systems. Durafill will shield your lawn from animal urine as well as other external contaminants preventing the buildup of bacterial spores within the infill itself. Durafill does not degradate over time and does not need repeated applications.

MAIN ADVANTAGE

- Designed to truly replicate grass
- 1 7/8 in. blade height to achieve a natural appearance
- Uniquely formulated polyurethane coated backing provides greater seam strength and durability / not water soluble
- Heat and frost resistant, UV stabilized
- No harmful environmental effects
- Non-flammable

TURF CHARACTERISTICS

- Pile/Face Weight: 67oz
- Pile Height; 1 7/8 in.
- Machine Gauge: 3/8 in.

YARN CHARACTERISTICS

- Type; Slit Film/Monofilament
- Composition/Structure: Polyethylene with a nylon stitch

This product's warranty is valid for a period of ten (10) years from the date of substantial completion against defects in materials, including ultraviolet degradation and excessive fading.

Tiger Express will repair or replace, as it deems necessary, those materials which exhibit such defects resulting from ultraviolet degradation or excessive fading.

Tiger Express does not warrant against normal wear and tear, or matting. Cleaning and grooming maintenance is the responsibility of the consumer. Tiger Express also does not warrant against damage caused by improper use, neglect, vandalism, floods, change in water table, or other acts of mother nature.

THIS WARRANTY specifically does not obligate Tiger Express in any way regarding material applied or labor performed. Installation and/or labor warranties are exclusively between the consumer and the installation company. This warranty must be presented with a dated installation contract to verify lifespan.

**THIS PRODUCT CONTAINS NO DETECTABLE TRACES OF
LEAD OR OTHER RCRA HAZARDOUS WASTE HEAVY METALS**
